

This document reviews how to access MILEARN State Assessment data using links embedded in MISTAR Q applications for staff, students and contacts with Parent Connect access.

## **Items of Note**

- MILEARN must be implemented in the district for the assessment link to return results
- Simply adding the State Assessment link to Q Analysis menu or Parent/Student Connect modules will not enable this feature
- Clicking the link opens a new window and redirects the user to the MILEARN site
- Clicking the link also performs single sign-on functions so additional credentials management is not needed
- Contact MISTAR Support via the Service Desk to implement this feature or with questions on configuration or permissions set up
